Career Objective:

Highly motivated and passionate **Full-Stack Web Developer** with expertise in **Laravel, React, Vue.js, PHP, and modern web technologies**, seeking a challenging role where I can deliver **innovative, scalable, and high-performance web applications**. Committed to **continuous learning, teamwork, and excellence**, I aim to contribute effectively to organizational goals while advancing my technical skills and creating **impactful digital solutions** that drive business growth.

Professional Experience:

- Worked as **Senior Computer Operator** at **Saiful Computer** from **April 2021 to March 2024**.
Job Responsibilities:
 - ✓ Provide basic IT Support, troubleshooting hardware and software issues in the shop's computer systems.
 - ✓ Assist customers with installing and configuring software applications, including antivirus programs, office suites, and other essential tools.
- Worked as **Computer Operator** at **M/S Rufaida Enterprise** from **May 2024 to Jan 2025**.

Career Summary:

- Experienced in developing dynamic and scalable web applications using **PHP, Laravel, and modern JavaScript frameworks**.
- **Recipient of the IsDB-BISEW IT Scholarship**, recognized for excellence in software development training.
- Proficient in **frontend frameworks** such as **Vue.js** and **React**, ensuring responsive and interactive user experiences.
- Skilled in **WordPress theme and plugin development**, with hands-on customization expertise.
- Strong command of **MySQL database design, query optimization, and data-driven application architecture**.
- Solid understanding of **OOP principles** and **MVC architecture**, with practical experience using **Laravel Blade templating**.
- Deep knowledge of **HTML5, CSS3 (Flexbox, Grid)**, and responsive design techniques for cross-device compatibility.
- Practical experience with **RESTful APIs, cPanel, and IIS hosting environments**.
- Proficient in **version control with Git and GitHub**, ensuring efficient collaboration and code management.
- Demonstrated **problem-solving ability**, quick learning capacity, and strong teamwork and communication skills.
- Successfully completed **five+ professional web and software projects**, showcasing advanced technical and practical development expertise.
